Let us make you a personalized offer for instrument of your choice!
We will be happy to advise you, including the many possible equipment
and software options available to you.

Would you like to trade in your existing instrument (Böhm or other
brand)? Please contact us!

Would you like to finance all or part of the instrument you want?
In cooperation with Santander Bank, we can offer you individual
solutions. We will be happy to advise you!

SEMPRA 3.0 with Pro-Lib - the BEST in sound and playing possibilities

The Böhm brand has been successful on the organ market for over 65 years. With the current SEMPRA product line, we are once again living up to our pioneering role in organ building. Because even what is already excellent can still be improved: With the new version **3.0 Pro-Lib**, we are taking the musicality of the successful Böhm SEMPRA organs and keyboards to a new level! The best SEMPRA ever.

The highlights of SEMPRA 3.0 Pro-Lib:

Ultra-fast real-time operating system: instrument is ready to play in just 5 seconds after switching on. Lightning-fast response to all playing actions. Durable, reliable, industry-standard hardware, no PC!

Eye-catching 9" touch display with IPS technology: Not all touch displays are the same. The SEMPRA display also meets the highest industrial standards. It is clearly legible from all viewing angles and responds to your inputs with lightning speed and reliability.

AMADEUS Pro-D sound technology with uniquely silky, brilliant sound.

Depending on the model, up to 5 AMADEUS modules can be used, each with 117-voice polyphony. With additional **AMADEUS Pro-D modules including part extensions**, you get a polyphony extension of 117 voices each (also valuable for the SEMPRA arpeggiator, for example) and the option of playing even more instruments/parts simultaneously on the manuals (up to 10 parts per manual, plus more for MIDI, solo chord, RealOrgan drawbar organ, etc.).

Pro-Lib Professional Soundlibrary with over 400 new sounds compared to the previous version. Sounds that you have never heard before from any other organ or keyboard: Grand piano sounds including damper dynamics, new electric pianos, saxophones, flutes, brass, strings, choirs and much more. **A total of over 1,900 sounds in the basic configuration.** Intelligent ART phrasing and articulation functions. Many sound packages such as Church and Theater Organ, Accordion Fascination, Movie Sound, etc.

Pro-Lib Drumkits 39 new kits with "Humanizer" for even more live feeling in the drums. Every hit on the same drums sounds slightly different, making the drums far more realistic.

Mixing sounds without limits: Depending on model/equipment up to 10 parts/instruments per manual, additional parts for MIDI, drawbars, solo chord...

4 multi-effect DSPs per AMADEUS module - now included as standard: each of these AMADEUS DSPs can generate up to 6 effects simultaneously! Additional master effects in the D-MiX preamplifier, such as reverb, chorus, rotor, microphone section (also with its own effects and up to 4-voice harmony voice).

Sound Controller App - now included as standard: individual swell control for all AMADEUS parts, flexible sound controller assignment for modulation wheel and distance function (each AMADEUS part can be freely positioned anywhere in the room).

RealOrgan drawbar organ: All legendary sinus organs from Chicago to Hunsrück in one instrument. Up to 15 choirs and all effects and functions of the original organs faithfully reproduced. Up to 17 legendary organ types including Leslie and phasing rotor effects, 16 true-to-style organ presets for each organ type.

D-MiX studio preamplifier with the latest audio processor technology. Comprehensive digital mixer with its own presets integrated directly into the system. Dedicated mix for internal and external audio paths, line-in, microphone input.

D-MiX master effects: 128 reverb types, 6 chorus types, **D-MiX Rotor - fully editable Leslie® emulation - now included as standard:** The simulation of rotating speakers (bass and treble rotor) can be used as an alternative effects unit for the AMADEUS organ sounds, line-in or as a second rotor for the RealOrgan. Parameters for bass/tweeter rotor, distortion, acoustics, reverb (also spring reverb) before or after the rotor cabinet etc. can be freely edited and saved as rotor DSP presets. 13 factory-set rotor DSP presets.

BÖHM SEMPRA 3.0 with Pro-Lib - The new musical dimension

D-MiX expandable via apps: Harmony Voice (4-voice harmonizer with extensive microphone section), **semi-parametric 5-band equalizer** (standard for all home and concert models from SE20, optional for SE10, SE20 stage and SE30 Stage & Studio): 5-band equalizer individually adjustable for all inputs and outputs.

Quadrophony - now possible with all multi-manual SEMPRA instruments (standard with SE100): 2x 2 audio channels (stereo front and rear), sound modules and master effect DSPs can be distributed in the Quadro base, you "bathe" in sound! **2 individual outputs** for Amadeus sounds or e.g. RealOrgan via external Leslie cabinet.

GST-PLUS style accompaniment: Exclusively in SEMPRA: The guitar tracks of the accompaniment play exactly like real guitarists on their instruments. Complex algorithms and over 900 guitar fingerings ensure realistic guitar accompaniment in the styles. Extended GST-Plus playing modes: Not all guitar strings always play - for even more authenticity in the guitar tracks.

300 styles with 4 variations each, 4x intro or ending, 10x fill-in, break, bridge, separate minor and seventh tracks, 4 style basic registrations (one touch presets) per style, extensive style editor, import of styles in Yamaha® format, style library expandable via software packages.

Room ambience control for drums and accompaniment, can be saved in the SONG presets or adjusted in real time using the control function.

Arpeggiator (optional, standard on SE30 stage&studio and SE70...100): sparkling arpeggios, progressive synthesizer sequencing, realistic GST guitar strumming and drum loops always perfectly in sync with your playing. Up to 4 templates per arpeggio, separately switchable. Templates can be called up as loops or OneShots, can also be triggered manually. Extensive editor incl. template library for creating your own arpeggios.

3-D presets: Up to 6 registrations combined in SONGs, SONGs can be sorted and cataloged in a variety of ways. SONG albums: Organize your SONGs flexibly in albums and themes. Up to 100 albums per theme.

Over 2,900 optimally tuned Pro-Lib total registrations already in the basic organ.

Exclusive SEMPRA Creative Tools - Creative playing functions that inspire your live playing and are only available in this comprehensive form with the Böhm SEMPRA:

With **Multi-Solochord**, **SempreChord** and **Ensemble**, several musicians playing their individual instruments, all under the control of your fingertips!

Block chords in the RealOrgan: full chords in the drawbar organ played with just one finger.

Ritardando/Accelerando allows interactive tempo control for the accompaniment even while playing.

Freeze, Memory, Portamento, Hawaii, Distance, individual sill assignment per part and many creative functions can be set individually for each instrument in your arrangement.

SEMPRA Sideline (optional, standard with SE30 stage&studio and SE70...100): Record your playing and control actions on up to 6 tracks. Play to the sideline, SEMPRA does the rest...

Pedals from 17 to 30 (!) keys: SEMPRA SE80 and SE100 - the world's only universal organs with a 30 note pedalboard.

Interactive playbacks: Play with midi files just as flexibly as with styles. Midifiles (playbacks) can be divided into as many as 6 sections and these can be called up as required via the style pattern buttons while playing. Integrated song player for playbacks in the albums, extensive editor.

Karaoke/text display app (optional, standard in SE70...100) for displaying lyrics from midi files or your own text files. The app also displays info texts for many Sound Basic registrations.

SEMPRA 3.0 Pro-Lib can be retrofitted to many earlier Böhm models.

AMADEUS Pro-D with the sensational Pro-Lib sound library

The nucleus for an indescribable sound experience

Böhm AMADEUS - this name for the sound generation modules of our organs and keyboards has long since become synonymous with particularly realistic sounds, flexible customization options and a warm, crystal-clear overall sound. The new **AMADEUS Pro-D** generation introduces the latest DSP technology to AMADEUS sound generation:

- Latest audio DSP technology for silky, crystal-clear sound
- Lightning-fast signal processing, no latency
- 117-voice polyphony per sound module, up to 5 modules can be used depending on the SEMPRA model
- Extended sound and sample memory
- Versatile, intelligent ART functions for articulations, phrasing, sound changes, random sound components and much more. **AMADEUS Pro-D** "remembers" how you play and controls these functions automatically.
- Digital connection to the new D-MiX preamplifier
- 4 effect DSPs per AMADEUS Pro sound module, each with up to 6 individual effects per DSP
- More than 1,900 sounds (expandable with optional sound packages such as Church and Theater Organ, Accordion Fascination, Movie Sound Collection, etc.)
- Up to 4 sound elements per sound
- All sounds and DSP effects fully editable via optional sound editor
- Individual sounds can be output separately via up to two individual outputs (with existing Quadrophony app)
- A total of 39 Pro-Lib and 10 additional drum and effect kits with 128 instruments each, which are of course used in the new SEMPRA 3.0 styles. The "Humanizer" for slightly varying drum hits gives the drums even more of a live feel. Separate room ambience controls for drums and accompaniment groups.

D-MiX - The digital mixing console in high-end quality

- Digital inputs for all sound modules of the organ
- 2 analog inputs (line-in, microphone)
- 3 stereo outputs (0 dB/headphones, front, rear)
- Limiter for all outputs
- Surround effect separately adjustable for all stereo outputs
- Studio reverb with 96 programs
- Chorus effect with 6 programs
- Own, fully editable D-MiX rotor effect, e.g. for AMADEUS Pro-D organ sounds, RealOrgan or line-in signal
- Microphone input with compressor and noise gate
- Separate bass and treble control for all outputs, line-in, microphone, rotor effect
- Quadrofonia app (standard for SEMPRA SE100, optional for all other multi-manual SEMPRA 3.0 models): 2 x 2 separate output channels (stereo front and rear), all inputs and sound modules of the organ as well as the master effects (reverb, chorus, D-MiX Rotor) freely routable between the front and rear channels. Individual AMADEUS sounds can also be routed out via 2 individual outputs, e.g. to external effects devices, and the RealOrgan can also be output via individual outputs, e.g. to an external Leslie cabinet.
- Partially parametric 5-band equalizer for each input and output (standard for all home and concert models from SE20, optional for SE10, SE20 stage and SE30)
- Extended microphone section with its own reverb/echo effects, 4-voice harmonizer/vocoder, and much more. (optional)

SEMPRA SE10 3.0 Pro-Lib

Keyboard organ with weighted 76-key manual, high-res.
Qnamic touch dynamics, aftertouch

**included:**

- **SEMPRA 3.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library**, > 2,000 sounds
- **D-MiX** mixer/master effects section in studio quality
- Upper: 4 parts, Lower: 2 parts, Pedal: 1 part (+ solo chord, MIDI)
- **SONG list** with >2900 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per style
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **Metal cabinet** in anthracite with solid wood side panels in matt black, other colors on request

Pre-installed function apps/software add-ons:

- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18101 SEMPRA SE10 3.0 Pro-Lib

8.990,00 EUR ☐

SEMPRA SE10 DB 3.0 Pro-Lib

Keyboard organ with weighted 61-key manual,
high-res. Qnamic touch dynamics, aftertouch

**Equipment as SE10, plus:**

- **RealOrgan** drawbar module, up to 15 courses, 5 organ types, 16 presets per organ type
- 12-fold drawbar set for RealOrgan (can also be assigned other functions)

Additional pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type

Item no. 18111 SEMPRA SE10 DB 3.0 Pro-Lib

9.990,00 EUR ☐

Additional functional equipment for SEMBRA SE10 3.0 Pro-Lib

16135	RealOrgan drawbar sound module for SE10 (incl. 8 organ types, already included in SE 10 DB)	1.349,00 EUR <input type="checkbox"/>
14133	Part extension SE10 to 6 parts for upper, 2 parts for pedal	398,00 EUR <input type="checkbox"/>
09080	17-key pedal , free-standing, velocity-sensitive	489,00 EUR <input type="checkbox"/>
27144	Free-standing foot swell , with 2 foot switches	125,00 EUR <input type="checkbox"/>

For optional system apps, SONG, sound and style packages, see page 24 ff.
Accessories, paintwork etc. see page 41 ff.

SEMPRA SE20 3.0 Pro-Lib stage

2-manual keyboard organ (upper part only), 2x 61 keys weighted, high-res. Qnamic touch dynamics, aftertouch, pedals optional

included:

- **SEMPRA 3.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library**, > 2,000 **sounds**
- **D-MiX** mixer/master effects section in studio quality
- Upper: 4 parts, Lower: 4 parts, Pedal: 1 part (plus solo chord, MIDI, drawbars per manual/pedal)
- **SONG list** with >2900 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4 x ending, 4 x fill, break, bridge, 6x fill up/down per **style**
- **14 sliders** (13 of which are freely assignable), 3 wheels (freely assignable)
- **9-fold drawbolt set** prepared for RealOrgan (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **Metal cabinet** and solid wood side panels, wood tone as desired

Pre-installed function apps/software add-ons:

- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18211	SEMPRA SE20 3.0 Pro-Lib stage	11.480,00 EUR	<input type="checkbox"/>
----------------	--------------------------------------	----------------------	--------------------------

Additional equipment for SEMPRA SE20 3.0 Pro-Lib stage

16235	RealOrgan drawbar sound module for SE20 Stage (incl. 5 + 3 organ types, organ type package SEMPRA, 16 presets per organ type)	1.349,00 EUR	<input type="checkbox"/>
14233	Part extension SE20 to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR	<input type="checkbox"/>
16234	Second AMADEUS Pro-D sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (Prerequisite: item 14233)	2.590,00 EUR	<input type="checkbox"/>
09080	17-key pedal , free-standing, velocity-sensitive	489,00 EUR	<input type="checkbox"/>
27144	Free-standing foot swell , with 2 foot switches	125,00 EUR	<input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 24 ff.
Accessories, paintwork etc. see page 41 ff.

SEMPRA SE20 3.0 Pro-Lib home

2x 61 keys weighted, high-res. Qnamic touch dynamics
and aftertouch on both manuals

Included

- **SEMPRA 3.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library**, > 2,000 sounds
- **RealOrgan** drawbar module with 9 drawbars, up to 15 courses, 5 organ types, 16 presets per organ type
- **D-MiX** mixer/master effects section in studio quality
- Upper: 4 parts, Lower: 4 parts, Pedal: 1 part (plus solo chord, MIDI, drawbars per manual/pedal)
- **SONG list** with > 2,900 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per style
- **14 sliders** (13 of which are freely assignable), 3 wheels (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **17-key pedal**, velocity-sensitive, swell pedal with 2 foot switches
- **Original B&O stereo high-performance power amplifier**, 2x 250 watts and stereo multi-way speaker system
- Upper part of the cabinet: **metal chassis** with solid wood side panels and music stand,
- **Solid wood base frame / pedal insert**, wood tone / lacquer finish as required (without seat bench!)

Pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ **type**
- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App Semi-parametric 5-band equalizer** for D-MiX preamplifier
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18201

SEMPRA SE20 3.0 Pro-Lib home

16.990,00 EUR □

SEMPRA SE20 3.0 Pro-Lib sacral

2x 61 keys weighted, high resolution Qnamic touch dynamics
and aftertouch on both manuals

Features like SE20 home, plus:

- **25 keys full pedal**, velocity-sensitive
- **Bench seat 115 cm**, height-adjustable

Additional pre-installed function apps/software add-ons:

- **Böhm, famous organs Classic organ software package**
with 256 individual and combination stops incl. C/Cis separation
and 642 ready-made registrations

Item no. 18221 **SEMPRA SE20 3.0 Pro-Lib sacral**

19.970,00 EUR ☐

Additional equipment for SEMPRA SE20 3.0 Pro-Lib home/sacral

Item no.	Designation	Price
14233	Part extension SE20 to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR <input type="checkbox"/>
16234	Second AMADEUS Pro-D sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (Prerequisite: item 14233)	2.590,00 EUR <input type="checkbox"/>
14480	4 foot pistons (freely assignable)	449,00 EUR <input type="checkbox"/>
14491	Height-adjustable bench seat , 70 cm (only for SE20 home)	789,00 EUR <input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 24 ff.
Accessories, paintwork etc. see page 41 ff.

SEMPRA SE30 3.0 Pro-Lib stage&studio

2-manual keyboard, 2x 76 keys weighted,
high-res. Qnamic touch dynamics, aftertouch,
pedals optional

included:

- **SEMPRA 3.0** real-time operating system and **software** equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library**, > 2,000 sounds
- **D-MiX** mixer/master effects section in studio quality
- Upper: 4 parts, Lower: 4 parts, Pedal: 1 part (plus solo chord, MIDI, drawbars per manual/pedal)
- **SONG list** with > 2,900 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per style
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **Metal cabinet** available in various lacquer finishes, solid wood side panels in textured lacquer

Pre-installed function apps/software add-ons:

- **Arpeggiator** second accompaniment section with up to 4 templates (arpeggio, sequence or GST guitar patterns)
per arpeggio, versatile control options, perfectly synchronized with the style accompaniment
- **Easy Editor for Arpeggiator** to create your own arpeggios from up to 4 templates
- **Easy Editor Styles** extended style editor with 2 user drum sets per style, among other things
- **Sideline** recording function
- **App sound controller functions** with individual sill control, distance and much more.
- **App AMADEUS Soundeditor**
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18301 **SEMPRA SE30** 3.0 Pro-Lib stage&studio

12.350,00 EUR ☐

SEMPRA SE30 DB 3.0 Pro-Lib stage&studio

2-manual organ keyboard, 2x 76 keys weighted,
(high-resolution Qnamic touch dynamics / aftertouch), pedals optional

Same equipment as **SE30 stage&studio**, plus:

- **RealOrgan** drawbar module, up to 15 courses, 5 organ types, 16 presets per organ type

Additional pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type

Item no. 18311 **SEMPRA SE30 DB** 3.0 Pro-Lib stage&studio

3.650,00 EUR ☐

Additional equipment for **SEMPRA SE30 DB** 3.0 Pro-Lib stage&studio

16235	RealOrgan drawbar sound module for SE30 stage&studio (incl. 5 + 3 organ types, organ type package SEMPRA, 16 presets per organ type, already included in SE30 Stage & Studio DB)	1.349,00 EUR <input type="checkbox"/>
14233	Part extension SE30 to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR <input type="checkbox"/>
16234	Second AMADEUS Pro-D sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (Prerequisite: item 14233)	2.590,00 EUR <input type="checkbox"/>
09080	17-key pedal , free-standing, velocity-sensitive	489,00 EUR <input type="checkbox"/>
27144	Free-standing foot swell , with 2 foot switches	125,00 EUR <input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 24 ff.
Accessories, paintwork etc. see page 41 ff.

SEMPRA SE40 3.0 Pro-Lib

2x 61 keys weighted, high resolution Qnamic touch dynamics and aftertouch on both manuals

**included:**

- **SEMPRA 3.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library**, > 2,000 sounds
- **RealOrgan** drawbar module with 9 drawbars, up to 15 courses, 5 organ types, 16 presets per organ type
- **D-MiX** mixer/master effects section in studio quality
- Upper: 4 parts, Lower: 4 parts, Pedal: 1 part (plus solo chord, MIDI, drawbars per manual/pedal)
- **SONG list** with > 2,900 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per **style**
- **14 sliders** (13 of which are freely assignable), 3 wheels (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **17-key pedal**, velocity-sensitive, swell pedal with 2 foot switches
- Dimmable **console and pedal lighting**
- **Original B&O stereo high-performance power amplifier**, 2x 250 watts and stereo multi-way speaker system with tweeters in the console (only "home" and "sacral" version)
- **High-quality solid wood cabinet**, wood tone as desired, plug connector between upper and lower part (without bench!)

Pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ **type**
- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App Semi-parametric 5-band equalizer** for D-MiX preamplifier
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18401	SEMPRA SE40 3.0 Pro-Lib home	21.750,00 EUR <input type="checkbox"/>
Item no. 18411	SEMPRA SE40 3.0 Pro-Lib concert (without built-in amplifier/speakers)	19.760,00 EUR <input type="checkbox"/>

SEMPRA SE40 3.0 Pro-Lib sacral

2x 61 keys weighted, high resolution Qnamic touch dynamics
and aftertouch on both manuals

Features like SE40 home, plus:

- 25 keys full pedal, velocity-sensitive
- Bench seat 115 cm, height-adjustable

Additional pre-installed function apps/software add-ons:

- Böhm, famous organs **Classic organ software package**
with 256 individual and combination stops incl. C/C separation
and 642 ready-made registrations

Item no. 18421 **SEMPRA SE40 3.0 Pro-Lib sacral**

24.800,00 EUR ☐

Additional functional equipment for SEMPRA SE40 3.0 Pro-Lib

14433	Part extension SE40 to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR <input type="checkbox"/>
16434	Second AMADEUS Pro-D sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (prerequisite: item 14433)	2.590,00 EUR <input type="checkbox"/>
14480	4 foot pistons (freely assignable)	449,00 EUR <input type="checkbox"/>
14491	Height-adjustable bench seat , 70 cm (only for SE40 home)	789,00 EUR <input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 24 ff.
Accessories, paintwork etc. see page 41 ff.

SEMPRA SE60 3.0 Pro-Lib home

3 x 61 keys weighted, high resolution Qnamic touch dynamics and aftertouch on all manuals

Includes:

- **SEMPRA 3.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117 voices, incl. **Pro-Lib sound library for AMADEUS**, > 2,000 sounds
- **Sound controller app** with individual sill control, distance and much more adjustable per part
- **RealOrgan** drawbar module with 9 drawbars, up to 15 courses, 5 organ types, 16 presets per organ type
- **D-MiX** mixer/master effects section in studio quality
- Solo manual: 1 part, Upper: 5 parts, Lower: 4 parts, Pedal: 2 parts (plus solo chord, MIDI, drawbars per manual/pedal)

- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per style
- **14 sliders** (13 of which are freely assignable), 3 wheels (freely assignable)
- **3 x USB** (for MIDI, storage media, USB keyboard)
- **17-key pedal**, velocity-sensitive, swell pedal with 2 foot switches
- Dimmable **console and pedal lighting**
- **Original B&O stereo high-performance power amplifier**, 2x 250 watts and stereo multi-way speaker system with tweeters in the console (only "home" and "sacral" version)
- **High-quality solid wood cabinet**, wood tone as desired, plug connector between upper and lower part (without bench!)

Pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type
- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App Semi-parametric 5-band equalizer** for D-MiX preamplifier
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Item no. 18601

SEMPRA SE60 3.0 Pro-Lib home

25.400,00 EUR ☐

SEMPRA SE60 3.0 Pro-Lib concert

3 x 61 keys weighted, high resolution Qnamic touch dynamics and aftertouch on all manuals

Differences to the SE60 home version:

- **25 keys full pedal**, velocity-sensitive
- **Bench seat 115 cm**, height-adjustable
- Without built-in speakers/power amplifier

Item no. 18611 **SEMPRA SE60 3.0 Pro-Lib concert**

26.400,00 EUR ☐

SEMPRA SE60 3.0 Pro-Lib sacral/theater

3 x 61 keys weighted, high resolution Qnamic touch dynamics and aftertouch on all manuals

Features like SE60 home, plus:

- **25 keys full pedal**, velocity-sensitive
- **Bench seat 115 cm**, height-adjustable

Additional pre-installed function apps/software add-ons:

- **Böhm, famous organs Classic organ and theater organ software packages**
with 256 single and combination stops incl. C/Cis separation and 64 SONGs with 6 registrations each
- **Manual couplers** for switching the keyboards on and off like on a pipe organ

Item no. 18621 **SEMPRA SE60 3.0 Pro-Lib sacral/theater**

28.400,00 EUR ☐

Additional functional equipment for SEMPRA SE60 3.0 Pro-Lib

16634	Second AMADEUS Pro-D sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal	2.590,00 EUR <input type="checkbox"/>
14680	4 foot pistons (freely assignable)	449,00 EUR <input type="checkbox"/>
14691	Height-adjustable bench seat , 70 cm (for SE60 home)	789,00 EUR <input type="checkbox"/>

Optional SEMPRA apps, SONG, sound and style packages see page 24 ff., paint finishes etc. see page 41 ff.

SEMPRA SE70 3.0 Pro-Lib

2x 61 keys weighted,
high-res. Qnamic velocity response and aftertouch,
Pedal: 17 keys or optionally 25 keys (velocity-sensitive)

included:

- **SEMPRA 3.0** real-time operating system and software equipment
- **2 AMADEUS Pro-D** sound modules, 117 voices each, incl. **Pro-Lib sound library**, > 2,400 sounds
- **Large drawbar profile** with, among others, 12 + 10 + 6 sine drawbars for RealOrgan
- **RealOrgan** drawbar module, up to 15 courses, 5 organ types, 16 presets per organ type
- **D-MiX** mixer/master effects section in studio quality
- Upper: 8 parts, Lower: 8 parts, Pedal: 3 parts (plus solo chord, MIDI, drawbars per manual/pedal)
- **SONG list** with > 3,700 ready-made registrations (SONG presets)
- **> 300 styles with GST Guitar Strumming Technology**, 4 variations, 4x intro, 4x ending, 4x fill, break, bridge, 6x fill up/down per style
- **2x USB** (for MIDI, storage media, USB keyboard)
- **Dimmable lighting** for console, music stand and pedal
- **17-key pedal**, velocity-sensitive, swell pedal with 2 foot switches, 4 foot pistons
- **Original B&O stereo high-performance power amplifier**, 2x 250 watts (only "home" version) and stereo multi-way speaker system with tweeters in the console (only "home" version)
- **Luxury solid wood luxury cabinet** incl. height-adjustable **luxury bench seat** 70 cm, plug connector between upper and lower part, no cumbersome unfolding and cable loosening when separating upper and lower part (various wood tones available at no extra charge, extra charge for real wood on request)

Pre-installed function apps/software add-ons:

- **App Arpeggiator** second accompaniment section with up to 4 templates (arpeggio, sequence or GST guitar patterns) per arpeggio, versatile control options, perfectly synchronized with the style accompaniment
- **App Easy Editor for Arpeggiator** for creating your own arpeggios from up to 4 templates
- **App Easy Editor Styles** extended style editor with 2 user drum sets per style, among other things
- **App Sideline** recording function
- **App karaoke and text display**
- **App sound controller functions** with individual sill control, distance and much more.
- **App DSP extension for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App Semi-parametric 5-band equalizer** for D-MiX preamplifier
- **App D-MiX Rotor** fully editable rotor effect processor for AMADEUS sounds or RealOrgan
- **App AMADEUS Soundeditor**
- **Manual coupling app**, can be switched directly via control panel buttons
- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type
- **Sound package BBO Classic Complete church organ**
- **Sound package BBO theater organ**

Item no. 18701 **SEMPRA SE70 3.0 Pro-Lib home** **35.300,00 EUR** ☐

Item no. 18711 **SEMPRA SE70 3.0 Pro-Lib concert**
(without built-in amplifier/speakers) **33.300,00 EUR** ☐

Additional functional equipment for SEMBRA SE70 3.0 Pro-Lib

- | | | |
|--------------|--|--|
| 16731 | Third AMADEUS Pro-D sound module for accompaniment incl. extension of the BUS system | 3.290.00 EUR <input type="checkbox"/> |

Accessories, paintwork etc. see page 41 ff.

System apps for SEMPRA (all models with at least 2.0 version)

Karaoke / text display

(standard in SE70 / SE80 / SE100)

Have lyrics from playbacks (midi files) or your own song or info texts shown on the display of your SEMPRA.

- Support for the 5 most popular karaoke formats,
- Different fonts selectable
- Format and text source (MIDI, internal, karaoke) can be saved for each SONG
- Assignment of your own (ASCII) song texts to the SONG presets: Text passages can be accessed via the SONG presets.
- Own lyrics can also be used for SONG presets with style accompaniment
- SONG presets can be selected via the display when the text display is called up

41159 **Function app karaoke/text display:**

139,00 EUR 

EASY Edit for Styles

(standard in SE30 stage&studio, SE70 / SE80 / SE100)

Expand your accompaniment library more easily than ever before. The extended style and playback (midifile) editor of SEMPRA 3.0 provides extremely effective and easy-to-use functions that make editing your accompaniments a pleasure. In addition to the many standard functions, the new optional EASY Style Editor app offers the following options:

- 2 editable user drum kits per (!) style/playback: Allows the individual percussion instruments to be exchanged for all other instruments in the respective user kits. In addition, the volume of each individual instrument in the user kit can be adjusted individually.
- New editor functions for importing new styles:
 - Adjustable dynamic range during recording.
 - Any starting position for recording
 - Recording even without aftertouch
- Easy-Editor with the functions
 - Delete duplicates
 - Delete expression
 - Delete pitch
 - Delete aftertouch
 - Delete specific note
 - Delete all notes below a specific note
 - Delete all notes above a certain note
 - Change absolute or relative velocity
 - Delete all tempo changes
- In conjunction with the EASY EDIT ARPEGGIO app (art. no. 41164): **GST Plus** functionality with corresponding styles and arpeggios: Guitarists don't always play all the strings on the guitar at the same time. Often only the low or high strings can be heard. This brings further musical variety and authenticity to the two SEMPRA accompaniment machines.

41160 **Easy Edit for Styles** (extension app for the Style Editor)

149,00 EUR 

SEMPRA Arpeggiator

(standard in SE30 stage&studio / SE70 / SE80 / SE100)

This app is a limitless creative tool and can do much more than a simple arpeggiator. SEMPRA has been expanded to include another versatile accompaniment section. In addition to typical arpeggios, sequences and even guitar melodies (runs) or typical guitar chord figures can also be played. The new GST Live guitar technology of the SEMPRA ensures inspiring authenticity!

Up to 4 templates (arpeggio, sequence or guitar patterns) per arpeggio can be switched on and off separately using buttons or the new, extended basic screen. Interactive control via the manuals is also possible. The arpeggiator only plays when you play the keys. This allows you to control effective interjections, e.g. brass riffs, harp glissandi and much more. Of course, you can edit the arpeggio templates in a variety of ways and individually define the instrumentation and various playing parameters.

With the app (activation) for SEMPRA version 2.0 you receive a comprehensive software package with 32 new sounds in sound bank 114, 12 new styles including SONG presets and 127 arpeggio sets with 4 templates each (in SEMPRA 3.0 this package is included as standard).

41162 SEMPRA Arpeggiator (incl. software package)

EUR 549,00 ☐

Easy Edit Arpeggio

(standard in SE30 stage&studio / SE70 / SE80 / SE100)

The optional **Easy Editor Arpeggio** app provides you with an extensive construction kit for arpeggios and styles(!). You can use it to import existing templates into style tracks or, conversely, simply export a track of a style pattern as a template to a USB stick. You can then use this track as a template in an arpeggio or in another style!

Using the recording function in the Style Editor, you can of course create your own templates for your arpeggios. You can also import multi-pad files in Yamaha ® format.

In conjunction with the EASY EDIT STYLES app (art. no. 41160), Easy Edit Arpeggio brings the **GST Plus** functionality to corresponding styles and arpeggios: Guitarists don't always play all the strings of the guitar at the same time. Often only the low strings or even just the high strings can be heard.

41164 Easy Edit Arpeggio:

149,00 EUR ☐

Arpeggiator extensions:

42372 Template package 2
128 additional arpeggio, sequence and guitar patterns **79,00 EUR** ☐

42373 Guitar Strumming Template Package
300 GST guitar templates for use in your own arpeggios or styles, easy recording of guitar runs or chords in the style editor. **398,00 EUR** ☐

42403 Arpeggiator Bank 3 (only for SEMPRA 2.0)
(always included in the arpeggiator for SEMPRA 3.0 Pro-Lib)
Another factory bank with 64 ready-to-use arpeggios (including many new templates), incl. GST Plus functionality. **148,00 EUR** ☐

SEMPRA Sideline

(standard in SE30 stage&studio / SE70 / SE80 / SE100)

The Easy Record function for the SEMPRA (from version 2.0): Record your playing on the manuals or pedal and control panel actions (sound and preset changes, knob movements, etc.) over up to 6 tracks.

- Specify individually which tracks are to be recorded or played back when playing with the sideline.
- Delete sections from individual or all tracks and add recordings to your overall recording afterwards (overdubbing), e.g. to correct playing errors.
- The Sidelines are saved directly with the respective SONG and are called up with the SONGs. They can be activated automatically with the SONG call or manually.
- Sideline SONGs can also be used in the albums and can be played automatically like playbacks using the song player function.

41163 SEMPRA 3.0 Sideline

289,00 EUR ☐

RealOrgan extensions (from SEMPRA Vers. 1.x):

(41919 standard in all new SEMPRA 3.0 models with RealOrgan, 41921, ...22,...23 standard for SE70/80/100)

41919	RealOrgan organ type package "SEMPRA": 3 up to 12-choir sine organ types incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41921	RealOrgan organ type package "Böhm Vintage": 2 sine wave organ types: "Böhm Orchestra DS", "Böhm Professional 2000", incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41922	RealOrgan organ type package "WE Vintage": 2 sine organ types: "WE_ctra", "WE_lios", incl. W-Voice Rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41923	RealOrgan organ type package "American": 5 sine organ types: "Clean B-3", "Used B-3", "Shabby B-3", "Klaus' H-100", "Chicago", incl. phasing rotor, 16 organ presets per type	149,00 EUR <input type="checkbox"/>

AMADEUS Sound Editor:

(standard in SE70 / SE80 / SE100)

41151	AMADEUS Pro-D sound editor for creating your own AMADEUS sounds from up to 4 element sounds per sound. Adjustable per element: play and ART functions, envelopes for volume, filter and pitch, various filter types, 2 LFOs, DSP effects (up to 6 effects simultaneously per AMADEUS sound)	298,00 EUR <input type="checkbox"/>
-------	--	-------------------------------------

Other function apps:

41153	Sound controller functions (standard for new instruments from SEMPRA 3.0 Pro-Lib) incl. individual sill control, flexible sound controller assignment for modulation wheel and distance function (activation)	149,00 EUR	<input type="checkbox"/>
41154	Manual coupling for switching the keyboards on and off like a pipe organ (standard with SEMPRA SE60 Sacral & Theater, SE70 / SE80 / SE100)	169,00 EUR	<input type="checkbox"/>
41128	User parts 1-8: 8 additional, freely configurable parts (included in item 16910 for SE100)	498,00 EUR	<input type="checkbox"/>
41129	User parts 9-16: 8 additional, freely configurable parts, item 41128 required (included in item 16910 for SE100)	498,00 EUR	<input type="checkbox"/>

Effects and audio:

41150	DSP extension for AMADEUS Pro-D: (standard in all new SEMPRA 3.0 Pro-Lib instruments) Doubles the number of available effect DSPs per AMADEUS sound module from 2 to 4 DSPs. This means that up to 4 FX effect sounds can be played simultaneously <u>in each sound</u> module with their own effects (each DSP generates up to 6 individual effects simultaneously!)	379,00 EUR	<input type="checkbox"/>
41155	D-MiX App: Partially parametric 5-band equalizer (standard in SE20 home/sacral, SE40 / SE60 / SE70 / SE80 / SE100) Extends the tone control (bass and treble) to include parameterization (cut-off frequencies) and a further 3 parametric EQ bands. With this extension, corresponding equalizers are available for each output, the line input and the D-MiX rotor (if enabled).	239,00 EUR	<input type="checkbox"/>
41156	D-MiX App: Rotor cabinet with editable programs: (standard in all new SEMPRA 3.0 Pro-Lib instruments) The simulation of rotating loudspeakers (bass and treble rotor) as an alternative effect device for the AMADEUS organ sounds. Can also be mixed with RealOrgan, even in combination with the RealOrgan's own rotor = double rotor effects (activation)	369,00 EUR	<input type="checkbox"/>
41157	D-MiX App: Quadrophony (standard in SE100) Extension of the outputs by two additional channels (Rear L/R) and two individual outputs (Single Out 1 and 2). All AMADEUS sound groups, effects such as reverb, chorus and D-MiX Rotor as well as Harmony Voice can be freely positioned. Additional parameters (phase, delays, etc.) can be used to create incredible room effects - from a cellar bar to a cathedral. Individual sounds can also be assigned to up to two individual outputs (Single Outs) via the AMADEUS Sound Editor in order to output them separately to a mixing console, for example, where they can be processed.	598,00 EUR	<input type="checkbox"/>

41158 D-MiX App: Harmony Voice with microphone extension:

Vocoder/harmonizer with pitch shifting for the lead voice or up to a 4-part choir incl. gender bending (formant shifting) All factory vocal presets can be edited and saved in your own user presets. Linking of the vocal presets to the SONG presets (activation). Extension for the microphone input:

- Compressor and noise gate for microphone are editable with the HV.
- Separate semi-parametric equalizer for the microphone input
- Dedicated echo/reverb DSPs for vocals (microphone)
- Partially parametric 5-band equalizer

All effect components can be set separately for the main voice (lead voice) and the harmony voice (e.g. lead voice with echo, harmony voice with reverb)

599,00 EUR 

Please note: Take advantage of special prices when purchasing several system apps at the same time.
More details on request!

Updates to Vers. 2.0 for existing SONG lists, sound and style and style packages

For instruments that are upgraded to SEMPRA at least 2.0 GST or 3.0 Pro-Lib, the following updates are available for existing software packages. This makes the contents of these packages fully compatible with the new function and sound standards from SEMPRA version 2.0.

Updated versions for SEMPRA 3.0 Pro-Lib are in preparation.

Updates for SONG preset lists:

- | | | |
|-------|---|------------------------------------|
| 42861 | SONG list "Christmas and carols" - Update to version 2.0
36 SONGs with 6 presets each for many well-known Christmas songs | 49,00 EUR <input type="checkbox"/> |
| 42862 | Update to SONG list "SONG-Box 1 Claus Riepe" for the previous SONG list "Claus Riepe / Bernd Wurzenrainer"
64 title-specific SONGs, each with 6 sophisticated presets by BÖHM specialist Claus Riepe.
(Prerequisites: SEMPRA 2.0 and the extensions MOVIE SOUND Edition, DSP-Extension for AMADEUS, Sound Controller as well as the additional style packages and the RealOrgan extensions should be available so that all registrations can be played without restrictions) | 59,00 EUR <input type="checkbox"/> |
| 42863 | SONG list "Schlager" - Update to version 2.0
64 SONGs with 6 presets each for many well-known German Schlager and international hits, incl. music book.
(RealOrgan, all style packages and Accordion Fascination should be available) | 87,00 EUR <input type="checkbox"/> |
-

Updates for sound packages:

- | | | |
|-------|--|------------------------------------|
| 42811 | Accordion Fascination - Update to version 2.0
80 single and multi-choir registers for a total of four accordion types with sample SONG presets | 25,00 EUR <input type="checkbox"/> |
| 42812 | AMADEUS "Movie Sound" - Update to version 2.0
128 elaborate new sounds/samples for movie music with many interesting ART playing functions and sample SONG presets. 6 styles with 4 SONG presets each, 12 SONGs with 6 SONG presets each | 89,00 EUR <input type="checkbox"/> |

Upgrades to version SEMPRA 3.0 incl. Pro-Lib

An invaluable advantage of the Böhm philosophy: you and your Böhm instrument cannot be left behind by musical and technical progress!

All existing SEMPRA instruments can be updated to the new version SEMPRA 3.0 incl. Pro-Lib!

A prerequisite for SEMPRA 3.0 and Pro-Lib is the current sound generation AMADEUS Pro-D with the new D-MiX preamplifier. For instruments that are still equipped with Amadeus2 and Crystal Mixer, we offer affordable complete packages including the new hardware.

On the following page you will find the prices for all variants depending on the available equipment:

- I. **SEMPRA 3.0 Pro-Lib upgrade for instruments with version 2.0 and current AMADEUS Pro-D and D-MiX hardware:** contains the comprehensive software package for SEMPRA 3.0 and Pro-Lib.
- II. **SEMPRA 3.0 Pro-Lib upgrade for instruments with version 1.5 and current AMADEUS Pro-D and D-MiX hardware:** includes the comprehensive software package for SEMPRA 3.0 and Pro-Lib as well as the functions of version 2.0 GST
- III. **SEMPRA 3.0 Pro-Lib upgrade for instruments with version 2.0 and the former AMADEUS2 and Crystal-Mixer hardware:** includes the comprehensive software package for SEMPRA 3.0 and Pro-Lib and the new AMADEUS Pro-D and D-MiX hardware.

We would be happy to put together an individual, non-binding complete offer for updating or completing your instrument. Just get in touch with us! We will be happy to advise you on all the options for your existing SEMPRA!

As a result, your SEMPRA becomes a fully-fledged 3.0 Pro-Lib instrument with the same playing and sound possibilities as a new instrument. Of course, your "new" **SEMPRA 3.0 Pro-Lib** can be equipped with all system apps and software packages. More details from page 24.

I. Upgrades to SEMPRA 3.0 Pro-Lib

for instruments with version 2.0 and AMADEUS Pro-D / D-MiX hardware

SEMPRA 3.0 Pro-Lib - Conversions for Silverbird, Starlight, Overture, Sinfonia and Emporio

Your former Böhm organ is not obsolete:

The Böhm brand has always stood like no other for future-proof instruments that can be upgraded to the latest technical and musical standards even years later. This also applies to the innovative new Böhm **SEMPRA 3.0 Pro-Lib technology**, which can be retrofitted to the earlier **Silverbird (premium/platinum/27)**, **Starlight**, **Overture**, **Sinfonia** and **Emporio** models.

You will achieve optimum results if you also upgrade to the new **RealOrgan** drawbar sound module, which surpasses the previous eds system many times over with its many authentic emulations of legendary drawbar organs.

Of course, you can add all SEMPRA system apps as well as the **SONG**, **Sound** and **Style** packages according to page 24 ff. of this price list to your converted instrument.

General Terms and Conditions (for delivery and service within Germany) of Keyswerk Musikelektronik GmbH

1 Scope of application Our Terms and Conditions of Sale apply exclusively. Any terms and conditions of the customer deviating from these Terms and Conditions of Sale shall not apply. To the extent permitted by law, these terms and conditions shall apply to all services of Keyswerk Musikelektronik GmbH, including consulting services.

2. contractual partner Keyswerk Musikelektronik GmbH manufactures and distributes electronic musical instruments. Keyswerk Musikelektronik GmbH has its registered office at Sülbecker Str. 20-22, D-31688 Nienstädt. The managing director is Erik Jeromin. E-mail: info@keyswerk.de, tax number 44/201/39004, VAT ID no.: DE 294327762, commercial register number HRB 200131 Finanzamt Stadthagen.

Conclusion of the contract: The customer's order, regardless of the medium used, e.g. in writing, verbally or by telecommunication, is binding for the customer.

If Keyswerk Musikelektronik GmbH chooses a written order confirmation, the type of documentation is expressly optional. The confirmation can be made in writing, by fax or by e-mail. Unless otherwise contractually agreed, the contract with Keyswerk Musikelektronik GmbH is concluded by issuing the order confirmation to the customer or by sending the goods to the customer after receipt of the offer without a separate order confirmation.

3. prices Unless otherwise stated in the order confirmation, our prices are ex works Bückeburg. The prices for end consumers are subject to change and include the applicable value added tax.

Invoices are due for payment without deduction immediately from the invoice date. If the customer is in default of payment, Keyswerk Musikelektronik GmbH shall be entitled to charge interest on arrears at a rate of 5 percentage points above the prime rate. If Keyswerk Musikelektronik GmbH can prove a higher damage caused by default, Keyswerk Musikelektronik GmbH has the right to assert this. The customer shall only be entitled to set-off rights if his counterclaims have been legally established, are undisputed or have been recognized in writing by Keyswerk Musikelektronik GmbH. If the goods are shipped, a shipping fee will be charged in addition to the price of the goods. The shipping costs incurred will be announced before the purchase contract is concluded.

4. shipment Shipment is exclusively at the risk of the customer. The risk of loss and deterioration shall pass to the customer as soon as Keyswerk Musikelektronik GmbH has properly handed over the goods to the shipping company. Keyswerk Musikelektronik GmbH has the right to determine a suitable shipping route.

Keyswerk Musikelektronik GmbH shall hand over the goods to the shipping company in suitable packaging. Keyswerk Musikelektronik GmbH assumes no liability for the quality of the packaging material. If large, heavy goods are shipped, e.g. organs, flight cases, loudspeaker boxes, etc., the packaging may be charged separately. In this special case, the customer shall be informed of the packaging costs with the order confirmation.

The customer is obliged to inspect the goods for transport damage immediately upon receipt. In the event of damage to the packaging, the customer must have this certified in writing by the transport company upon acceptance of the goods. In the case of damage that is not immediately visible, the customer is obliged to report this immediately to Keyswerk Musikelektronik GmbH. In the absence of documentation of the damage or in case of late notification of initially not visible damage, all rights of the customer expire in this respect. Keyswerk Musikelektronik GmbH reserves the right to deliver cash on delivery or against prepayment, especially for first orders.

5. right of revocation for consumer contracts The customer can revoke his contractual declaration within 2 weeks without giving reasons in text form (e.g. letter, fax, e-mail) or by returning the goods. The period begins at the earliest upon receipt of this instruction. If the customer is only informed of this instruction after conclusion of the contract, the period is 1 month. Timely dispatch of the revocation or the goods is sufficient to comply with the revocation period. The revocation is to be sent to: Keyswerk Musikelektronik GmbH, Sülbecker Str. 20-22, 31688 Nienstädt. Fax no.: 05722 287555. e-mail: info@keyswerk.de.

In the event of an effective revocation, the services received by both parties must be returned and any benefits derived (e.g. interest) surrendered. If the customer is unable to return the received goods to Keyswerk Musikelektronik GmbH in whole or in part or only in a deteriorated condition, the customer must compensate Keyswerk Musikelektronik GmbH for the loss in value. This does not apply to the surrender of goods if the deterioration of the goods is exclusively due to their examination - as it would have been possible for the customer in a retail store. Otherwise, the customer can avoid the obligation to pay compensation by not using the goods as an owner and refraining from doing anything that could impair their value.

In the case of a return shipment from a delivery of goods with a total order value of up to €40, the customer shall bear the costs of the return shipment if the delivered goods correspond to those ordered. Otherwise the return shipment is free of charge for the customer. Keyswerk Musikelektronik GmbH will contact the customer immediately after receipt of the revocation and agree with the customer on the type of transportation required for the return.

After receipt of the return shipment by Keyswerk Musikelektronik GmbH, it will reimburse the costs within 30 days, either by bank transfer - if the customer's account details are known - or by sending a check.

There is no right of withdrawal for distance selling contracts for the delivery of goods that are manufactured by Keyswerk Musikelektronik GmbH according to customer specifications or the customer has unsealed a delivered data carrier of audio or video recordings or software. The regulation of § 312b para. 4 BGB applies.

6 Delivery time All information on delivery times is non-binding. Keyswerk Musikelektronik GmbH shall endeavor to carry out the delivery as soon as possible after the conclusion of the contract. Unless expressly agreed otherwise, Keyswerk Musikelektronik GmbH shall be entitled to make partial deliveries. If the delivery cannot be carried out immediately, Keyswerk Musikelektronik GmbH shall specify an expected delivery period. Keyswerk

General Terms and Conditions

Musikelektronik GmbH shall not be in default if this specified delivery period is exceeded, e.g. due to problems in the procurement of materials or due to production bottlenecks. This period shall be extended accordingly in the event of force majeure, labor disputes, official measures and other unforeseen events that cannot be avoided despite reasonably expected precautions. If it turns out within this subsequent delivery period that the delivery is impossible or unreasonable for Keyswerk Musik-elektronik GmbH, Keyswerk Musik-elektronik GmbH is entitled to withdraw from the contract. In this case, claims for damages are excluded on both sides. If Keyswerk Musikelektronik GmbH is in default, claims for damages shall only exist if the delay is due to intent or gross negligence.

7 Warranty The warranty period for defects that existed before the transfer of risk is 24 months. If Keyswerk Musikelektronik GmbH is responsible for the defect and the notice of defect is justified, Keyswerk Musikelektronik GmbH shall bear all expenses necessary for the purpose of remedying the defect, in particular transport, travel, labor and material costs, provided that these are proven and their amount is not disproportionate to the value of the purchased item.

If defects are found in the hardware or software, e.g. cabinet, the customer is entitled to demand rectification. In this case, Keyswerk Musikelektronik GmbH is entitled to choose whether to carry out rectification, even several times. Keyswerk Musikelektronik GmbH assumes no liability for the correct functioning of the supplied software (e.g. also operating software in the instruments). If the same rectification of defects fails, the customer has the right to withdraw from the contract or reduce the purchase price. In the event of withdrawal from the contract, Keyswerk Musikelektronik GmbH is entitled to deduct a reasonable amount for the reduction in value. The customer shall only be entitled to claim damages in the event of gross negligence on the part of Keyswerk Musikelektronik GmbH. In any case, the customer is subject to the duty to mitigate damages.

8. return of goods Outside the statutory right of return for consumer contracts, Keyswerk Musikelektronik GmbH will only take back goods if the right of return has been individually agreed in writing with the customer upon conclusion of the purchase contract. Notwithstanding this, Keyswerk Musikelektronik GmbH shall only be obliged to take back the goods if the goods and the original packaging are in perfect condition and the goods are returned carriage paid to the registered office of Keyswerk Musikelektronik GmbH, Warbersche Str. 32, in 31675 Bückeburg. If goods are returned without a prior obligation to take them back, Keyswerk Musikelektronik GmbH reserves the right to refuse acceptance.

Outside of a distance selling contract, the right of return is excluded for the delivery of audio or video recordings or software if the delivered data carriers have been unsealed by the customer.

The conclusion of a take-back agreement is generally excluded for such goods that were manufactured at the special request of the customer or, because they are not permanently in stock, were expressly ordered by Keyswerk Musikelektronik GmbH after the conclusion of the contract. When accepting a purchase contract for goods not in stock, Keyswerk Musikelektronik GmbH must inform the Customer

of this fact. If no such notification is made, the Customer may assume that the goods are in stock.

The customer's right of return ends 30 days after acceptance of the goods. In the event that the right of return is lawfully exercised, the customer shall bear the costs and risk of the return shipment.

9 Retention of title Keyswerk Musikelektronik GmbH retains title to all goods delivered until receipt of full payment under the contract. In the event of breach of contract by the customer, Keyswerk Musikelektronik GmbH is entitled to take back the goods. The taking back as well as the seizure of the reserved goods shall constitute a withdrawal from the contract.

In the event of seizure and other interventions by third parties, the customer must inform Keyswerk Musikelektronik GmbH immediately in writing.

10. place of performance and jurisdiction is 31688 Nienstädt, unless another place is prescribed by law.
