Let us make you an individual offer for your desired instrument!  
We will be happy to advise you, also on possible additional  
equipment for your SEMPRA.

Would you like to trade in your existing instrument (Böhm or  
another brand)? Talk to us!!

Would you like to finance all or part of your dream instrument?  
We will be happy to advise you!

## SEMPRA 2.0 GST - the BEST in sound and playing experience

The Böhm brand has been successful on the market for over 65 years. With the current SEMPRA product line, we are once again living up to our pioneering role in organ making. Because even what is already excellent can still be improved: With the new version **2.0 GST**, we are taking the musicality of the successful Böhm SEMPRA organs and keyboards to a new level!

### The highlights of SEMPRA 2.0 GST:

**Ultra-fast real-time operating system:** Instrument ready to play in just 5 seconds after switching on. Lightning-fast response to all playing actions. Durable, reliable, industry-standard hardware, no PC!

**High-visibility 9" touch display with IPS technology:** Not all touch displays are the same. The SEMPRA display also meets high-quality industrial standards. It is clearly legible from all angles and responds to your inputs with lightning speed and reliability.

**AMADEUS Pro-D sound technology** with a uniquely silky, brilliant sound.

Depending on the model, up to 5 AMADEUS modules can be used, each with 117-voice polyphony. With **additional AMADEUS Pro-D modules including part extensions**, you get a polyphony extension of 117 voices each (also valuable for the SEMPRA arpeggiator, for example) and the option of playing even more instruments/parts simultaneously on the manuals (up to 10 parts per manual, plus more for MIDI, solo chord, RealOrgan drawbar organ, etc.)

**Over 1,500 sounds in the basic configuration.** Intelligent ART phrasing and articulation functions. Many sound packages such as Church and Theater Organ, Accordion Fascination, Movie Sound, etc.

**Mixing sounds without limits:** Depending on model/equipment up to 10 parts/instruments per (!) manual, additional parts for MIDI, drawbars, solo chord...

**4 multi effect DSPs per AMADEUS module – now already in the standard equipment:** Each of these AMADEUS DSPs can generate up to 6 (!) effects simultaneously. Further master effects in the D-MiX preamplifier, such as reverb, chorus, rotor, microphone section (also with its own effects and up to 4-voice harmony voice) are also available.

**Sound Controller App – now already in the standard equipment:** Individual swell pedal control for all AMADEUS parts, flexible sound controller assignment for modulation wheel and distance function (each AMADEUS part can be freely positioned in the room depth).

**RealOrgan drawbar organ:** All legendary drawbar organs from Chicago to Hunsrück in one instrument. Up to 15 choirs and all effects and functions of the original organs faithfully reproduced. Up to 17 legendary organ types incl. Leslie and phasing rotor effects, 16 organ presets for each organ type, 32 user presets per organ type.

**D-MiX studio preamplifier with the latest audio processor technology.** Comprehensive digital mixer with its own presets integrated directly into the system. Own mix for internal and external audio paths, line in, microphone.

**D-MiX master effects:** 128 reverb types, 6 chorus types, **D-MiX Rotary– fully editable Leslie® emulation - now included as standard:** This simulation of rotating loudspeakers (bass and treble rotor) can be used as an alternative effects unit for the AMADEUS organ sounds, line-in or as a second rotor for the RealOrgan. Parameters for bass/tweeter rotor, distortion, acoustics, reverb (including spring reverb) before or after the rotor cabinet etc. can be freely edited and saved as rotor DSP presets. 11 factory-set rotor DSP presets.

**D-MiX can be expanded via apps:** **Harmony Voice** (4-voice harmonizer with extensive microphone section), **semi parametric 5-band equalizer** (Standard for all home and concert models from SE20 upwards, optional for SE10, SE20 stage and SE30 Stage & Studio): 5-band equalizer individually adjustable for all inputs and outputs. **Quadrophony - now possible with all multi-manual SEMPRA instruments** (standard on SE100): 2x 2 audio output channels (stereo-front and rear), all sound modules and master effect DSPs can be distributed in the Quadro base, you "bathe" in sound! **2 single outputs** for Amadeus sounds or e.g. RealOrgan via external Leslie cabinet.

## BÖHM SEMPRA 2.0 GST - A new musical dimension

**GST-Plus style accompaniment:** Exclusively in SEMPRA: The guitar tracks of the accompaniment play exactly like real guitarists on their instruments. Complex algorithms and over 900 guitar fingerings ensure realistic guitar accompaniment in the styles. Extended GST-Plus playing modes: Not all guitar strings always play - for even more authenticity in the guitar tracks (available when the "Easy Edit Styles" and "Easy Edit Arpeggio" apps are activated).

**More than 280 Styles with 4 variations each**, 4x intro or ending, 10x fill-in, break, bridge, separate minor and seventh tracks, 4 style basic registrations (one touch presets) per style, extensive style editor, import of styles in Yamaha® format, style library expandable via software packages.

**SEMPRA Arpeggiator** (optional on SE10, SE20, SE40, SE60, standard on SE30 Studio and SE70...SE100): sparkling arpeggios, progressive synthesizer sequencings, realistic GST guitar strummings as well as drum loops always perfectly in sync with your playing. Up to 4 templates per arpeggio, separately switchable. Templates can be called up as loops or OneShots, can also be triggered manually. Extensive editor incl. template library for creating your own arpeggios.

**3-D SONG Presets:** The complete settings of your SEMPRA - clearly organized: up to 6 registrations combined in a SONG, SONGs can be sorted and catalogued in a variety of ways. SONG albums: Organize your SONGs flexibly in albums and themes. Up to 100 albums per theme.

**Over 2,700 optimally arranged registrations** already in the basic organ

**SempreChord:** authentic, up to 5-part ensemble playing with just one finger.

**SEMPRA Sideline** (optional on SE10, SE20, SE40, SE60, standard on SE30 Studio and SE70...SE100): Record your playing and operating actions on up to 6 tracks. Play to the sideline, SEMPRA takes care of everything else...

**Pedals from 17 to 30 (!) keys:** SEMPRA SE80 and SE100 - the world's only universal organs with a 30-key pedal.

**Interactive Playbacks:** Play with midi files just as flexibly as with styles. Midifiles (playbacks) can be divided into up to 6 sections and these can be called up as required during playing using the style pattern buttons. Integrated song player for playbacks in the albums, extensive editor.

**Karaoke/text display App** (optional) for displaying lyrics from midi files or your own text files.

**SEMPRA 2.0 GST** can be retrofitted to many earlier Böhm models.

## AMADEUS Pro-D – The source of an incredible sound experience

Böhm AMADEUS - this name for the sound generation modules of our organs and keyboards has become synonymous with particularly realistic sounds, flexible customization options and a warm, crystal-clear overall sound. The new AMADEUS Pro-D generation brings the latest DSP technology to AMADEUS sound generation:

- Latest audio DSP technology for rich, crystal-clear sound
- Lightning-fast signal processing, no latency
- 117-voice polyphony per sound module, up to 5 modules can be used depending on the SEMPRA model
- Extended sound and sample memory
- Versatile, intelligent ART functions for articulations, phrasing, sound changes, random sound components, etc. **AMADEUS Pro-D** "remembers" how you play and controls these functions automatically.
- Fully digital connection to the new D-MiX preamplifier
- 4 effect DSPs per AMADEUS Pro sound module, each with up to 6 individual effects per DSP
- More than 1,500 sounds (expandable with optional sound packages such as Church and Theater Organ, Accordion Fascination, Movie Sound Collection, etc.)
- Up to 4 sound elements per sound
- All sounds and DSP effects fully editable via optional sound editor app
- Individual sounds can be output separately via up to two single outputs (with existing Quadrofonie app)
- A total of 41 drum and effect kits with 128 instruments each, including 8 new "Pro" kits, which are of course used in the new SEMPRA 2.0 styles.

## D-MiX – The digital SEMPRA pre-amp in high-end quality

- Digital inputs for all sound modules of the organ
- 2 analog inputs (line in, microphone)
- 3 stereo outputs (0 dB/headphones, front, rear)
- 2 optional individual outputs, e.g. for external effects units (on request)
- Limiter for all outputs
- Surroand effect separately adjustable for all stereo outputs
- Studio reverb with 128 programs
- Chorus effect with 6 programs
- Own, fully editable D-MiX rotor effect, e.g. for AMADEUS Pro organ sounds, RealOrgan or line-in signal
- Microphone input with compressor and noise gate
- Separate bass and treble control for all outputs, line-in, microphone, rotor effect (if enabled)
- Quadrofonie app (standard on SEMPRA SE100, optional on all other multi-manual SEMPRA 2.0 models): 2x 2 separate output channels (stereo front and rear), all inputs and sound modules of the organ as well as the master effects (reverb, chorus, D-MiX Rotor) freely routable between the front and rear channels. Individual AMADEUS sounds can also be routed out via 2 individual outputs, e.g. to external effects devices, and the RealOrgan can also be output via individual outputs, e.g. to an external Leslie cabinet.
- Partially parametric 5-band equalizer for each input and output (standard for all home and concert models from SE20, optional for SE10, SE20 stage and SE30)
- Extended microphone section with its own reverb/echo effects, 4-voice harmonizer/vocoder, and much more. (optional)

## SEMPRA SE10 2.0 GST

Keyboard organ with weighted 76-key manual, high-res. Qnamic touch dynamic, aftertouch

including:

- **SEMPRA 2.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117-voice polyphonic, > 1.500 sounds
- **D-MiX** studio-quality mixer/master effects section
- Upper: 4 parts, Lower: 2 parts, Pedal: 1 part (+ SoloChord, MIDI)
- **SONG list** with >2700 ready to play registrations (SONG-Presets)
- **> 280 Styles with GST Guitar Strumming technology**, 4 variations, each style with 4x Intro, 4x Ending, 4x Fill, Break, Bridge, 6x Fill up/down
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **3x USB** (for MIDI, USB flash memory, USB keyboard)
- **Metal cabinet** in anthracite with solid wood side panels in matt black, other colors on request

### Pre-installed function apps/software add-ons:

- **App Soundcontroller functions** with individual swell control, distance and much more
- **App DSP expansion for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App D-MiX Rotary**: fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Art.no. 17101

**SEMPRA SE10 2.0 GST**

8.750,00 EUR ☐

## SEMPRA SE10 DB 2.0 GST

Keyboard organ with weighted 61 button manual, high-res. Qnamic touch dynamic, aftertouch

Features like SE10, plus:

- **RealOrgan** drawbar module, up to 15 courses, 5 organ types, 16 presets per organ type
- 12 drawbars for RealOrgan (can also be assigned other functions)

### Additional pre-installed function apps/software add-ons:

- **Drawbar organ pack „SEMPRA“** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type

Art.no. 17111

**SEMPRA SE10 DB 2.0 GST**

9.950,00 EUR ☐

## Additional functional equipment for SEMPRA SE10 2.0 GST

16135	<b>RealOrgan drawbar sound module for SE10</b> (incl. 5+3 organ types, already included in SE 10 DB)	1.349,00 EUR	<input type="checkbox"/>
14133	<b>Part extension SE10</b> to 6 parts for upper, 2 parts for pedal	398,00 EUR	<input type="checkbox"/>
09080	<b>17-key pedal</b> , free-standing, velocity-sensitive	489,00 EUR	<input type="checkbox"/>
27144	<b>Swell pedal</b> , free standing, with 2 foot switches	125,00 EUR	<input type="checkbox"/>

For optional system apps, SONG, sound and style packages, see page 22 ff.  
Accessories, paint finishes etc. see page 35 ff.

## SEMPRA SE20 2.0 GST stage

2-manual keyboard organ (upper part only), 2x 61 keys weighted, high-res. Qnamic touch dynamics, aftertouch, pedals optional

including:

- **SEMPRA 2.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117-voice polyphonic, > 1.500 sounds
- **D-MiX** studio-quality mixer/master effects section
- Upper: 4 Parts, Lower: 4 Parts, Pedal: 1 Part (+ Solochord, MIDI, Drawbars per manual/pedal)
- **SONG-Liste** with >2700 ready to play registrations (SONG-Presets)
- **> 280 Styles with GST Guitar Strumming technology**, 4 variations, each style with 4x Intro, 4x Ending, 4x Fill, Break, Bridge, 6x Fill up/down
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **9-fold drawbar set prepared for RealOrgan (freely assignable)**
- **3x USB** (for MIDI, USB flash memory, USB keyboard)
- **Metal cabinet** in anthracite with solid wood side panels in matt black, other colors on request

### Pre-installed function apps/software add-ons:

- **App Soundcontroller functions** with individual swell control, distance and much more
- **App DSP expansion for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App D-MiX Rotary**: fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Art.no. 17211

**SEMPRA SE20 2.0 GST stage**

10.980,00 EUR ☐

## Additional functional equipment for SEMPRA SE20 2.0 GST stage

16235	<b>RealOrgan drawbar sound module for SE20 Stage</b> (incl. 5 + 3 organ types, organ type pack SEMPRA, 16 presets per organ type)	1.349,00 EUR <input type="checkbox"/>
14233	<b>Part Extension SE20</b> to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR <input type="checkbox"/>
16234	<b>2nd AMADEUS Pro-D</b> Sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (Prerequisite: item 14233)	2.998,00 EUR <input type="checkbox"/>
09080	<b>17-key pedal</b> , free-standing, velocity-sensitive	489,00 EUR <input type="checkbox"/>
27144	<b>Swell pedal</b> , free standing, with 2 foot switches	125,00 EUR <input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 22 ff.  
Accessories, paint finishes etc. see page 35 ff.

## SEMPRA SE20 2.0 GST home

2x 61 keys weighted, high-res. Qnamic touch dynamics, aftertouch, 17 key pedalboard

including:

- **SEMPRA 2.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117-voice polyphonic, > 1.500 sounds
- **D-MiX** studio-quality mixer/master effects section
- **RealOrgan** Drawbar module with 9 drawbars, up to 15 courses, 5 organ types, 16 presets per organ type
- Upper: 4 Parts, Lower: 4 Parts, Pedal: 1 Part (+ Solochord, MIDI, Drawbars per manual/pedal)
- **SONG-Liste** with >2700 ready to play registrations (SONG-Presets)
- **> 280 Styles with GST Guitar Strumming technology**, 4 variations, each style with 4x Intro, 4x Ending, 4x Fill, Break, Bridge, 6x Fill up/down
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **3x USB** (for MIDI, USB flash memory, USB keyboard)
- **17 key pedalboard**, velocity-sensitive, swell pedal with 2 foot switches
- **Original B&O high-performance power amplifier**, 2x 250 watts and stereo multi-way speaker system
- Top: **Metal chassis** with solid wood side panels and music stand,
- **Solid wood stand / pedal unit**, wood finish / lacquering as required (without bench!)

### Pre-installed function apps/software add-ons:

- **Organ type package "SEMPRA"** for RealOrgan, 5 organ types, up to 12 choirs, 16 presets per organ type
- **App Soundcontroller functions** with individual swell control, distance and much more
- **App DSP expansion for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)
- **App Semi-parametric 5-Band Equalizer** for D-MiX preamp
- **App D-MiX Rotary**: fully editable rotor effect processor for AMADEUS sounds or RealOrgan

Art.no. 17201

**SEMPRA SE20 2.0 GST home**

**16.490,00 EUR** ☐

**SEMPRA SE20 2.0 GST sacral**

2x 61 keys weighted, high-res. Qnamic touch dynamics, aftertouch, 25 key full pedalboard

Same features as SE20 home, plus:

- 25 key full pedalboard, velocity-sensitive
- bench 115 cm, adjustable

**Additional pre-installed function apps/software add-ons:**

- **Böhm, famous Organs Classic organ software pack** with 256 individual and combination stops incl. C/Cis separation and 64 SONGs with 6 registrations each

Art.no. 17221

**SEMPRA SE20 2.0 GST sacral**

19.470,00 EUR ☐

**Additional functional equipment for SEMPRA SE20 2.0 GST home/sacral**

14233	<b>Part Extension SE20</b> to 6 parts upper manual, 5 parts lower manual and 2 parts pedal	598,00 EUR <input type="checkbox"/>
16234	<b>2<sup>nd</sup> AMADEUS Pro-D</b> Sound module with part extension to 8 parts upper manual, 8 parts lower manual, 3 parts pedal (Prerequisite: item 14233)	2.998,00 EUR <input type="checkbox"/>
14480	<b>4 foot pistons</b> (freely assignable)	449,00 EUR <input type="checkbox"/>
14491	<b>Bench</b> adjustable, 70 cm (only for SE20 home)	789,00 EUR <input type="checkbox"/>

For optional SEMPRA system apps, SONG, sound and style packages, see page 22 ff.  
Accessories, paint finishes etc. see page 35 ff.

**SEMPRA SE30 2.0 GST stage&studio**

2-manual organ keyboard, 2x 76 keys weighted,  
high-res. Qnamic touch dynamics, aftertouch,

including:

- **SEMPRA 2.0** real-time operating system and software equipment
- **AMADEUS Pro-D** sound module, 117-voice polyphonic, > 1.500 sounds
- **D-MiX** studio-quality mixer/master effects section
- Upper: 4 Parts, Lower: 4 Parts, Pedal: 1 Part (+ Solochord, MIDI, Drawbars per manual/pedal)
- **SONG-Liste** with >2700 ready to play registrations (SONG-Presets)
- **> 280 Styles with GST Guitar Strumming technology**, 4 variations, each style with 4x Intro, 4x Ending, 4x Fill, Break, Bridge, 6x Fill up/down
- **14 sliders** (13 of which are freely assignable), 2 wheels (freely assignable)
- **3x USB** (for MIDI, USB flash memory, USB keyboard)
- **Metal cabinet** available in various lacquer finishes, solid wood side panels in textured lacquer

**Pre-installed function apps/software add-ons:**

- **Arpeggiator** second accompaniment section with up to 4 templates (arpeggio, sequence or GST guitar patterns) per arpeggio, versatile control options, perfectly synchronized with the style accompaniment
- **Easy Editor for Arpeggiator** for creating your own arpeggios from up to 4 templates
- **Easy Editor Styles** extended style editor, including 2 user drum sets per style
- **Sideline** recording function
- **App Soundcontroller functions** with individual swell control, distance and much more
- **App AMADEUS Soundeditor**
- **App DSP expansion for AMADEUS to 4 effect DSPs** (up to 6 effects simultaneously per DSP)

**Art.no. 17301    SEMPRA SE30 2.0 GST stage & studio    11.850,00 EUR    ☐**

**SEMPRA SE30 DB 2.0 GST stage & studio**

2-manual organ keyboard, 2x 76 keys weighted,  
high-resolution Qnamic velocity / aftertouch

Same features as SE30 stage & studio, plus:

- **RealOrgan** Drawbar module, up to 15 courses, 5 organ types, 16 presets per organ type

Additional pre-installed function apps/software add-ons:

- **Organ type pack „SEMPRA“** for RealOrgan, organ types, up to 12 choirs, 16 presets per organ type

**Art.No. 17311 SEMPRA SE30 DB 2.0 GST stage&studio 13.200,00 EUR** ☐

For optional SEMPRA system apps, SONG, Sound and Style packages, see page 22 ff.  
Accessories, paint finishes etc. see page 35 ff.

## System apps for SEMPRA (all models with at least 2.0 version):

### Karaoke / Text view

(standard on SE70 / SE80 / SE100)

Have lyrics from playbacks (midi files) or your own song or info texts shown on the display of your SEMPRA.

- Support for the 5 most common karaoke formatse,
- Different fonts selectable
- Format and text source (MIDI, internal, karaoke) can be saved separately for each SONG
- Assignment of own (ASCII) song lyrics to the SONG presets: Lyrics can be accessed via the SONG presets.
- Own lyrics can also be used for SONG presets with style accompaniment
- SONG presets can be selected via the display when the lyrics display is called up

**41159    Function App Karaoke/Text view:**

**139,00 EUR** 

### EASY Edit for Styles

(standard on SE30 Stage&Studio, SE70 / SE80 / SE100)

Expand your accompaniment library more easily than ever before. The extended style and playback (midifile) editor of SEMPRA 2.0 provides extremely effective and easy-to-use functions that make editing your accompaniments a pleasure. In addition to the many standard functions, the new optional EASY Style Editor app offers the following options:

- 2 editable user drum kits per (!) style/playback: Allows the individual percussion instruments to be exchanged for all other instruments in the respective user kits. In addition, the volume of each individual instrument in the user kit can be adjusted individually.
- New editor functions for importing new styles:
  - Adjustable dynamics during recording.
  - Any start position during recording
  - Recording even without aftertouch
- Easy-Editor with the functions
  - Delete duplicates
  - Delete expression
  - Delete pitch
  - Delete aftertouch
  - Delete a specific note
  - Delete all notes below a specific note
  - Delete all notes above a specific note
  - Change absolute or relative velocity
  - Delete all tempo changes
- In conjunction with the EASY EDIT ARPEGGIO app (Art.no. 41164): **GST Plus** functionality with corresponding styles and arpeggios: Guitarists do not always play all the strings of the guitar at the same time. Often only the low or even the high strings can be heard. This brings further musical variety and authenticity to the two SEMPRA accompaniment machines.

**41160    Easy Edit for Styles** (Extension app for the standard Style Editor)

**149,00 EUR** 

## SEMPRA 2.0 Arpeggiator

(standard on SE30 Stage&Studio / SE70 / SE80 / SE100)

This app is a limitless creative tool and can do much more than a simple arpeggiator. SEMPRA is extended by a further, versatile accompaniment section. In addition to typical arpeggios, sequences and even guitar melodies (runs) or typical guitar chord figures can also be played. SEMPRA's new GST Live guitar technology ensures inspiring authenticity!

Up to 4 templates (arpeggio, sequence loops or guitar patterns) per arpeggio can be switched on and off separately via buttons or the new, extended grand screen. Interactive control via the manuals is also possible. The arpeggiator only plays when you play the keys. This allows you to control effective interjections, e.g., brass riffs, harp glissandi and much more. Of course, you can edit the arpeggio templates in a variety of ways and set the instrumentation and various playing parameters individually.

With the app (activation) you receive a comprehensive software package with 32 new sounds in sound bank 114, 12 new styles including SONG presets and 127 arpeggio sets with 4 templates each.

**41162 SEMPRA 2.0 Arpeggiator** (incl. software pack)

**549,00 EUR** 

## Easy Edit Arpeggio

(standard on SE30 Stage&Studio / SE70 / SE80 / SE100)

With the optional Easy Editor Arpeggio app, you have an extensive construction kit for arpeggios and styles(!) at your disposal! You can use it to import existing templates into style tracks or, conversely, simply export a track of a style pattern as a template to a USB stick. You can then use this track as a template in an arpeggio or in another style!

You can of course use the recording function in the Style Editor to create your own templates for your arpeggios. You can also import multi-pad files in Yamaha ® format.

In conjunction with the EASY EDIT STYLES app (Art.no. 41160), Easy Edit Arpeggio brings the **GST Plus** functionality to corresponding styles and arpeggios: Guitarists don't always play all the strings of the guitar at the same time. Often only the low strings or only the high strings can be heard.

**41164 Easy Edit Arpeggio:**

**149,00 EUR** 

## Arpeggiator expansions:

<b>42372</b>	<b>Template pack 2</b> 128 additional arpeggio, sequence and guitar patterns	<b>79,00 EUR</b> 
--------------	---	--

<b>42373</b>	<b>Guitar Strumming Template Paket</b> 265 GST guitar templates for use in your own arpeggios or styles, easy recording of guitar runs or chords in the style editor.	<b>398,00 EUR</b> 
--------------	--	---

<b>42403</b>	<b>Arpeggiator Bank 3</b> Another factory bank with 64 ready-made arpeggios (including many new templates), including GST Plus functionality.	<b>148,00 EUR</b> 
--------------	--	---

## SEMPRA 2.0 Sideline

(standard on SE30 Stage&Studio / SE70 / SE80 / SE100)

The Easy Record function for the SEMPRA: Record your playing on the manuals or the pedal and the control panel actions (sound and preset changes, knob movements, etc.) over up to 6 tracks.

- Specify individually which tracks are to be recorded or played back when playing with the sideline.
- Delete sections from individual or all tracks and subsequently add recordings to your overall recording (overdubbing), e.g. to correct playing errors.
- The Sidelines are saved directly with the respective SONG and are called up with the SONGs. They can be activated automatically with the SONG call or manually.
- Sideline SONGs can also be used in the albums and can be played automatically like playbacks using the song player function.

41163 SEMPRA 2.0 Sideline

289,00 EUR ☐

## RealOrgan expansions:

(41919 standard on all new SEMPRA 2.0 models with RealOrgan, 41921, ...22,...23 standard on SE70/80/100)

41919	<b>RealOrgan Orgeltypen-Paket „SEMPRA“:</b> 3 up to 12-choir drawbar organ types incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41921	<b>RealOrgan Orgeltypen-Paket „Böhm Vintage“:</b> 2 drawbar organ types: "Böhm Orchestra DS", "Böhm Professional 2000", incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41922	<b>RealOrgan Orgeltypen-Paket „WE Vintage“:</b> 2 drawbar organ types: "WE_ctra", "WE_lios", incl. W-Voice Rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41923	<b>RealOrgan Orgeltypen-Paket „American“:</b> 5 drawbar organ types: "Clean B-3", "Used B-3", "Shabby B-3", "Klaus' H-100", "Chicago", incl. phasing rotor, 16 organ presets per type	149,00 EUR <input type="checkbox"/>

## AMADEUS Sound Editor:

(standard on SE70 / SE80 / SE100)

41151	<b>AMADEUS Pro-D Sound editor</b> for creating your own AMADEUS sounds from up to 4 element sounds per sound. Adjustable per element: play and ART functions, envelopes for volume, filter and pitch, various filter types, 2 LFOs, DSP effects (up to 6 effects simultaneously per AMADEUS sound)	298,00 EUR <input type="checkbox"/>
-------	--	-------------------------------------

## Sonstige Funktions-Apps:

41153	<b>Sound Controller functions</b> (standard on all new SEMPRA 2.0 GST instruments) incl. individual sill control, flexible sound controller assignment for modulation wheel and distance function (activation)	149,00 EUR <input type="checkbox"/>
-------	--	-------------------------------------

## SEMPRA 2.0 System Apps

41154	<b>Manual Coupler</b> for linking the keyboards like on a pipe organ (standard on SEMPRA SE60 Sacral & Theatre, SE70 / SE80 / SE100)	169,00 EUR <input type="checkbox"/>
41128	<b>User-Parts 1-8:</b> 8 additional, freely configurable parts (included in item 16910 for SE100)	498,00 EUR <input type="checkbox"/>
41129	<b>User-Parts 9-16:</b> 8 additional, freely configurable parts, item 41128 required (included in item 16910 for SE100)	498,00 EUR <input type="checkbox"/>

### Effects and Audio:

41150	<b>DSP expansion for AMADEUS Pro-D:</b> (standard on all new SEMPRA 2.0 GST instruments) Doubles the number of available effect DSPs per AMADEUS sound module from 2 to 4 DSPs. This means that up to 4 FX effect sounds can be played simultaneously in each sound module with their own effects (each DSP generates up to 6 individual effects simultaneously!)	379,00 EUR <input type="checkbox"/>
41155	<b>D-MiX App: Semiparametric 5 band equalizer</b> (standard on SE20 home/Sacral, SE40 / SE60 / SE70 / SE80 / SE100) Extends the tone control (bass and treble) with its parameterization (cut-off frequencies) and another 3 parametric EQ bands. With this extension, corresponding equalizers are available for each output, the line input and the D-MiX rotary (if enabled).	239,00 EUR <input type="checkbox"/>
41156	<b>D-MiX App: Rotary DSP with full editable programs:</b> (standard on all new SEMPRA 2.0 GST instruments) The simulation of rotating loudspeakers (bass and treble rotor) as an alternative effect device for the AMADEUS organ sounds. Can also be mixed with RealOrgan, even in combination with the RealOrgan's own rotor = double rotor effects (activation).	369,00 EUR <input type="checkbox"/>
41157	<b>D-MiX App: Quadrophony</b> (standard on SE100) Extension of the outputs by two additional channels (Rear L/R) and two individual outputs (Single Out 1 and 2). All AMADEUS sound groups, effects such as reverb, chorus and D-MiX Rotor as well as Harmony Voice can be freely positioned. Additional parameters (phase, delays, etc.) can be used to create incredible room effects - from a cellar bar to a cathedral. Individual sounds can also be assigned to up to two individual outputs (Single Outs) via the AMADEUS Sound Editor in order to output them separately to a mixing console, for example, where they can be processed in terms of sound.	598,00 EUR <input type="checkbox"/>

**41158 D-MiX App: Harmony Voice with extended microphone input:**

Vocoder/harmonizer with pitch shifting for the lead voice or up to a 4-part choir including gender bending (formant shifting) All factory vocal presets can be edited and saved in your own user presets. Linking of the vocal presets to the SONG presets (activation). Extension for the microphone input:

- Compressor and noise gate for microphone can be edited with the HV.
- Own semi-parametric equalizer for the microphone input
- Dedicated echo/reverb DSPs for vocals (microphone)
- Semi parametric 5-band equalizer

All effect components can be set separately for the main voice (lead voice) and the harmony voice (e.g. lead voice with echo, harmony voice with reverb).

**599,00 EUR** 

**Please note:** Take advantage of special prices when purchasing several system apps at the same time.  
More details on request!

## SONG lists, sound and style packs for SEMPRA 2.0

### SONG-Preset lists:

---

### Turn your SEMPRA 1.x into a completely new organ – with an upgrade to the version SEMPRA 2.0 GST

An invaluable advantage of the Böhm philosophy: You and your Böhm instrument cannot be left behind by musical and technical progress! **All existing SEMPRA instruments with an operating system version 1.x can be updated to the new version SEMPRA 2.0 GST!** You can even continue to use your existing hardware consisting of the AMADEUS2 tone generator and the Crystal Mixer preamplifier.

The optimum **2.0 GST** sound experience is achieved with the latest generation of **AMADEUS Pro-D** sound generators and the new **D-MiX** preamplifier.

On the following page you will find the prices for all variants for the different SEMPRA models:

- The actual SEMPRA 2.0 GST upgrade (a comprehensive software package) without hardware conversion.
- Complete prices for the SEMPRA 2.0 GST upgrade incl. new AMADEUS Pro-D and D-MiX hardware.

In addition, or for special equipment variants, we will be happy to provide you with an individual, non-binding complete offer for updating or completing your instrument at any time. Just get in touch with us! We will be happy to advise you on all options!

**In result, your SEMPRA becomes a fully-fledged 2.0 GST instrument** with the same playing and sound possibilities as a new instrument. Of course, your "new" **SEMPRA 2.0 GST** can be equipped with all 2.0 system apps and software packages. More details from page 24.

**For existing SONG lists, sound and style packages**, inexpensive updates to the 2.0 versions are available. More details from page 34.

### SEMPRA 2.0 GST conversions for Silverbird, Starlight, Overture, Sinfonia and Emporio

#### Your earlier Böhm organ is not obsolete:

The Böhm brand has always stood like no other for future-proof instruments that can be upgraded to the latest technical and musical standards even years later. This also applies to the innovative new Böhm **SEMPRA 2.0 GST technology**, which can be retrofitted to the earlier **Silverbird (premium/platinum/27)**, **Starlight**, **Overture**, **Sinfonia**, **Emporio** models. If desired, SEMPRA 2.0 can even be used with the existing hardware (AMADEUS2, Crystal Mixer, "eds" drawbar module).

You can achieve optimum results by updating the hardware to the latest sound generation technology with **AMADEUS Pro-D**, **RealOrgan** drawbar sound module and the new **D-MiX** preamplifier, which significantly outperforms the previous Crystal Mixer. The prices for the upgrades including AMADEUS Pro-D and D-Mix as well as for the replacement of the eds drawbar module with the new RealOrgan module are also listed.

Of course, you can add all 2.0 GST system apps as well as the SONG, Sound and Style packages according to page 24 ff. of this price list to your converted instrument.

Böhm Overture stage –  
converted to  
SEMPRA SE20 2.0 GST

**489,00 EUR** ☐

## General terms and conditions

(for delivery and performance within Germany) of  
Keyswerk Musikelektronik GmbH

**1. Scope of application** Our Terms and Conditions of Sale shall apply exclusively. Conditions of the customer that deviate from these sales conditions are not valid. As far as legally permissible, these conditions apply to all services of Keyswerk Musikelektronik GmbH, including consulting services.

**2. contractual partner** Keyswerk Musikelektronik GmbH manufactures and distributes electronic musical instruments. Keyswerk Musikelektronik GmbH has its registered office at Sülbecker Str. 20-22, D-31688 Nienstädt. Managing director is Erik Jeromin. E-mail: [info@keyswerk.de](mailto:info@keyswerk.de), tax number 44/201/39004, VAT-No.: DE 294327762, commercial register number HRB 200131 tax office Stadthagen. Conclusion of the contract: The customer's order, regardless of the medium used, e.g. in writing, verbally or by telecommunication, is binding for the customer. If Keyswerk Musikelektronik GmbH chooses a written order confirmation, the type of documentation is explicitly optional. The confirmation can be made in writing, by fax or by e-mail. Unless otherwise contractually agreed, the contract of Keyswerk Musikelektronik GmbH is concluded by issuing the order confirmation to the customer or by sending the goods to the customer after receipt of the offer without a separate order confirmation.

**3. Prices** Unless otherwise stated in the order confirmation, our prices shall apply ex registered office Bückeburg. The prices for end consumers are subject to change and include the applicable value added tax.

The invoices are due for payment immediately from the invoice date without deduction. If the customer is in default of payment, Keyswerk Musikelektronik GmbH is entitled to charge default interest in the amount of 5% points above the base interest rate. If Keyswerk Musikelektronik GmbH can prove a higher damage caused by delay, Keyswerk Musikelektronik GmbH has the right to assert this. The customer is only entitled to set-off rights, if his counterclaims have been legally established, are undisputed or have been accepted in writing by Keyswerk Musikelektronik GmbH. In case of shipment of the goods, a shipping charge will be added to the price of the goods. The accruing shipping charges will be announced before the purchase contract comes into existence.

**4. dispatch** The dispatch takes place exclusively at the risk of the customer. The risk of loss and deterioration is transferred to the customer as soon as Keyswerk Musikelektronik GmbH has properly handed over the goods to the shipping company. Keyswerk Musikelektronik GmbH has the right to determine a suitable dispatch route. Keyswerk Musikelektronik GmbH will hand over the goods to the shipping company in a suitable packaging. Keyswerk Musikelektronik GmbH does not assume any liability for the quality of the packaging material. As far as large, heavy goods are shipped, e.g. organs, flight cases, loudspeaker boxes etc., the packaging can be charged separately. In this special case, the costs of the packaging are to be communicated to the customer with the order confirmation. The customer is obliged to inspect the goods for transport damage immediately after receipt. In the case of damage to

the packaging, the customer must have this certified in writing by the transport company upon acceptance of the goods. In case of damages that are not immediately visible, the customer is obliged to report them immediately to Keyswerk Musikelektronik GmbH. In case of missing documentation of the damages or in case of delayed notification of initially not visible damages, all rights of the customer expire in this respect. Keyswerk Musikelektronik GmbH basically reserves the right to deliver cash on delivery or against advance payment, especially for first orders.

**5. right of revocation for consumer contracts** The customer may revoke his contractual declaration within 2 weeks without stating reasons in text form (e.g. letter, fax, e-mail) or by returning the goods. The period begins at the earliest with the receipt of this instruction. If the customer is only informed of this instruction after conclusion of the contract, the period shall be 1 month. To comply with the revocation period, it is sufficient to send the revocation or the goods in good time. The revocation is to be sent to: Keyswerk Musikelektronik GmbH, Sülbecker Str. 20-22, 31688 Nienstädt. Fax no.: 05722 287555. E-mail: [info@keyswerk.de](mailto:info@keyswerk.de).

In the case of an effective revocation, the services received by both parties must be returned and any benefits derived (e.g. interest) must be surrendered. If the customer cannot return the received performance to Keyswerk Musikelektronik GmbH in whole or in part, or only in a deteriorated condition, the customer must pay compensation to Keyswerk Musikelektronik GmbH in this respect, if applicable. This does not apply to the surrender of goods, if the deterioration of the goods is exclusively due to their inspection - as it would have been possible for the customer in a shop. In addition, the customer can avoid the obligation to pay compensation by not using the goods as an owner and by refraining from doing anything that could impair their value.

In the case of a return from a delivery of goods with a total order value of up to € 40, the customer shall bear the costs of the return if the delivered goods correspond to the ordered goods. Otherwise, the return shipment is free of charge for the customer. In the case of goods that cannot be shipped, Keyswerk Musikelektronik GmbH will contact the customer immediately after receipt of the revocation and agree on the type of transport required for the return with the customer.

After receipt of the return by Keyswerk Musikelektronik GmbH, the latter will reimburse the costs within 30 days, either by bank transfer - if the customer's account details are known - or by sending a cheque.

A right of withdrawal does not exist for distance contracts for the delivery of goods, which are manufactured by Keyswerk Musikelektronik GmbH according to customer specifications or the customer has unsealed a delivered data carrier of audio or video recordings or of software. The regulation of § 312b para. 4 BGB applies.

**6. Delivery time** All information on the delivery time is non-binding. Keyswerk Musikelektronik GmbH will endeavour to execute the delivery as soon as possible after the conclusion of the contract. Unless otherwise expressly agreed, Keyswerk Musikelektronik GmbH is entitled to partial deliveries. If the delivery cannot be carried out immediately, Keyswerk Musikelektronik GmbH will indicate

an expected delivery time. Keyswerk Musikelektronik GmbH is not in default, if this stated delivery period is exceeded, e.g. due to problems in material procurement or due to production bottlenecks.

This period is extended accordingly in case of force majeure, industrial action, official measures, as well as other unforeseen events, which cannot be avoided despite the reasonably expected precautionary measures. If it turns out within this subsequent delivery period that the delivery is impossible or unreasonable for Keyswerk Musik-elektronik GmbH, Keyswerk Musik-elektronik GmbH is entitled to withdraw from the contract. In this case, claims for damages are excluded on both sides. If Keyswerk Musik-elektronik GmbH is in default, claims for damages only exist if the default is based on intent or gross negligence.

**7 Warranty** The warranty period for defects, which existed before the transfer of risk, is 24 months. If Keyswerk Musikelektronik GmbH is responsible for the defect and the notice of defect is justified, Keyswerk Musikelektronik GmbH bears all expenses necessary for the purpose of rectifying the defect, in particular transport, travel and labour and material costs, provided that these are proven and their amount is not disproportionate to the value of the purchased item.

If defects are detected in the hardware or software, e.g. housing, the customer is entitled to demand rectification. In this case, Keyswerk Musikelektronik GmbH is entitled to rectify the defect, also several times, at their discretion. No liability whatsoever is assumed for the correct functioning of delivered software (e.g. also operating software in the instruments). If the same rectification of defects fails, the customer has the right to withdraw from the contract or to reduce the purchase price. In case of withdrawal from the contract, Keyswerk Musikelektronik GmbH is entitled to deduct an appropriate amount for the reduction in value. Claims for damages of the customer are only justified if there is gross negligence of Keyswerk Musikelektronik GmbH. In any case, the customer is subject to the duty to minimise damages.

**8. taking back goods** Outside the legal right of return for consumer contracts, Keyswerk Musikelektronik GmbH will only take back goods, if the right of return has been individually agreed with the customer in writing with the conclusion of the purchase contract. Irrespective of this, Keyswerk Musikelektronik GmbH is only obliged to take back the goods if the goods and the original packaging are in a perfect condition and the return is carriage paid to the registered office of Keyswerk Musikelektronik GmbH, Warbersche Str. 32, in 31675 Bückeburg. If goods are returned without prior obligation to take back, Keyswerk Musikelektronik GmbH reserves the right to refuse acceptance.

Outside of a distance contract, the right of return is excluded for the delivery of audio or video recordings or software if the delivered data carriers have been unsealed by the customer.

The conclusion of a return agreement is generally excluded for such goods, which were manufactured on special request of the customer or, because they are not permanently available in stock, were expressly ordered by Keyswerk Musikelektronik GmbH after the conclusion of the contract. In case of acceptance of a purchase contract for goods which are not in stock, Keyswerk Musikelektronik

GmbH has to inform the customer of this circumstance. If such a notice is omitted, the orderer can assume that the goods are in stock.

The customer's right to return the goods ends 30 days after taking delivery of the goods. In the event of a lawful exercise of the right of return, the customer shall bear the costs and the risk of the outward and return shipment.

**9. reservation of proprietary rights** Keyswerk Musikelektronik GmbH reserves the proprietary rights of all delivered goods until the receipt of the complete payment from the contract. In case of breach of contract by the customer, Keyswerk Musikelektronik GmbH is entitled to take back the goods. The taking back as well as the seizure of the reserved goods is a withdrawal from the contract. In case of seizure and other interventions of third parties, the customer has to inform Keyswerk Musikelektronik GmbH immediately in writing.

**10. The place of performance and jurisdiction** shall be 31675 Nienstädt unless another place is mandatory by law.
